

1. Dangerous

Somebody said I was dangerous
I said somethin' bad, it had to be good
Well, I must be somebody lookin', seein' I'm close to it
Maybe I'm gettin' close to the truth

Somebody said I was dangerous
I said somethin' bad, and it must've been good
Somebody said I was dangerous
I must be gettin' close to the truth

I'm not talkin' about wishful thinkin'
I'm talkin' 'bout callin' 'em out, all their lies, lies
I'm not talkin' about wishful thinkin'
Why don't I make somebody cry?

Somebody said I was dangerous
I said somethin' bad, but it must've been good
Somebody said I was dangerous
I must be gettin' close to the truth, alright, alright

Really, I was just lookin' for the evidence
I've been askin' for it, for over a year
I was just askin' 'em for the evidence
I've been askin' 'em now, for over a year

Somebody said, well, I'm dangerous
Well, I must be gettin', gettin' close to the truth
Alright, hey

Somebody said it was about the data
Somebody else said ti was about the dates
Somebody said, "Does it really matter?" I said, "Yes"
I said, "I want you to show me, show me the proof"

I've been asking for it, for the evidence
For now, baby, well, over a year
I've been askin' for the innocent evidence
I've been askin' it for now, well, over a year

Somebody said, "Give me the data"
Somebody said it must've been about dates
Somebody said, "Look it up on a computer"
I said, "Man, it's a bit too late"

Somebody said I was dangerous
Somebody said I was dangerous
I said somethin' bad, I was dangerous
It was somethin' so bad, it must've been good

Somebody said I was dangerous
I must be gettin' closer to the truth
I said, "Where is the evidence?"
I just, I wanna see the proof

I said, "Gimme, gimme, gimme, gimme, gimme
Gimme some evidence"
I wanna see, I wanna see some proof
Because, somebody said I was dangerous (dangerous)
I said somethin' bad, man, that must've been good, yeah

Somebody said I was dangerous
Oh, well, man, that means I'm gettin' close to the truth
Close to the truth

2. What's It Gonna Take?

What's it gonna take for you to wake up?
What's it gonna take for you to break?
There's no time to make your mind up
Just to realize this is fake
What's it gonna take?

What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?)

Politicians don't represent the people
Government doesn't represent us at all
Government takes and ruins all our business
Big tax about to take it all

What's it gonna take for you to wake up?
What's it gonna take for you to break?
There's no time to make your mind up
You just gotta realize this is all fake
What's it gonna take?

What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?)

When I wake on the noon now, baby
Overwhelmin' odds against us
Lockdown is makin' us crazy
Freedom is our God given right
Want to divide us, not unite us
Got slight in sight and on their right
Make your own way and pay your tax
But they won't take the foot off your neck

What's it gonna take for you to wake up?
What's it gonna take for you to break?
There's no time to make your mind up
Just realize this is all fake
What's it gonna take?

What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?)

What's it gonna take for you to wake up?
What's it gonna take for you to break?
There's no time to make your mind up
Just realize this is all fake
What's it gonna take?

What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?)

What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?) What's it gonna take?
(What's it gonna take?) What's it gonna take?
Yeah

3. Fighting Back Is The New Normal

Fighting back is the new normal
Gotta take a tip from the French
Fighting back is essential
Gotta stop sittin' on the fence

Ain't gonna take it no more
We just can't go on this way
Man, get up off the floor
Step to the people who saved the day

Fighting back is the new normal

Take a tip from the French
Fighting back is essential
Gotta stop sittin' on the fence

Ain't gonna take it no more
Man, and it don't make any sense
Open up the door
I wanna get it for myself

Fighting back is the new normal
Gotta take a tip from the French
Fighting back absolutely is essential
Gotta stop sittin' on the fence

Ain't gonna take it no more (take it no more)
'Cause it doesn't make any sense, no sense
Open up the door
I got to get it for myself

Fighting back is the new normal
Gotta take a tip from the French
Fighting back is essential
Gotta stop sittin' on the fence

Fighting back is the new normal
Gotta take a tip from the French
Fighting back absolutely essential
You gotta stop sittin' on the fence
You gotta stop sittin' on the fence
You gotta stop sittin' on the fence
You gotta stop sittin' on the fence

Yeah

4. Fodder For The Masses

It will have you believe everything that's in the news
Opinions and views, and all the voices
They will surely use, abuse, and confuse
Use you of everything under the sun
Try to stick to you like molasses
Fodder for the masses

It's just more (it's just more)
Fodder for the masses
Fodder for the masses
Fodder for the masses

Fill your head with fear, that worry and guilt
If you don't accept the drift 'cause you're a conspiracy theorist
So they'll take care of it
You really don't exist
You know I'm playin' it rogue
For those who seek control

And no, no, no, it's just more (it's just more)
Fodder for the masses
It's just more (it's just more)
Fodder for the masses
Fodder for the masses
Fodder for the masses

Lie to you (lie to you)
Continuously
Every day if they don't get their way
Then you become such easy prey
They don't think you've got anything relevant to say
No, no, no
No, no, no

Fill you up with fake news for their masters
Yes ma'am, that's exactly what they're after

Don't even want you to share some common laughter
Just want you to keep on following their rules like a fool
It's just more (it's just more)
Fodder for the masses

It's just more (it's just more)
Fodder for the masses
Fodder for the masses
Fodder for the masses

Lie to you (lie to you)
Continuously
Every day if they don't get their way
Then you become such easy prey
They don't think you've got anything relevant to say
No, no, no
No, no, no

Fill you up with fake news for their masters
They know exactly just what they're after
Get you to submit, get you to quit
If you don't follow, follow all the rules like a fool

More (it's just more)
Fodder for the masses
It's just more (it's just more)
Fodder for the masses
Fodder for the masses
Fodder for the masses

Fodder for the masses
Fodder for the masses
Fodder for the masses
Fodder for the masses

5. Can't Go On This Way

Can't go out dancin'
Can't find no joy
We can't go on holidays
Can't stay abroad
Klaus is the wizard
Gates is playin' God
Can't go on this way
It's just not on

Government keeps lyin'
Everyone is just sad
Don't know what to do
About the common cold in the head
There's a funny feelin' that
Life is just driftin' away
No one's bold enough to say no
It can't go on this way, because

We can't go out dancin'
Can't find no joy
Can't go on holidays
Can't go abroad
Klaus is the wizard
Gates is playin' God
If you're gonna go to sleep
They keep on playin' the fraud

Feelin' life is driftin'
Just driftin' away
Can't even be just
King for a day
What's the point of goin'
Goin' on this way?
Everyone is just driftin' and driftin'
From day to day

Some people think it's funny
Some are just actin' strange, yeah
Look at who's makin' the money
Behind this cage
Government keeps on lyin'
Everyone is just sad
But not sad enough
To start gettin' mad

Can't go out dancin'
Can't find no joy
Can't go on holidays
Can't stay abroad
Klaus is the wizard
Gates is playin' God
No one's bold enough
To stand up to it all

Feelin' like I'm driftin', I'm driftin' away
Away, away, away, away
Can't even be king or queen
King or queen for a day
What's the point of goin'
Goin' on this way? Oh!
Everyone is just slippin', driftin'
Slippin', driftin' away

Some people think it's funny
Some are just actin' strange
Who's makin' the money
Behind this cage?
Government just keeps on lyin'
Everyone is so sad
But not sad enough
Keep gettin' mad, oh!

Can't go out dancin'
Can't find any joy
Can't go on holidays
Can't go abroad
Klaus is the wizard
Gates is playin' God
Can't go on this way
It's just not on, say it again

Can't go on this way
It's just not on, oh!
Can't go on this way
Baby, it's just not on, oh!
Can't go on this way
It's just not on, not on

6. Sometimes It's Just Blah Blah Blah

... How do you like the new normal?
Tell me, how is that goin' for you?
How did you overcome the restrictions?
How do you handle the news?

... Do you still think the government's not lyin' to you?
Oh, has the penny dropped yet?
Seems there's no way out of this impasse
Is it somethin' we'll live to regret?

... Sometimes every knock gives a boost
Sometimes life gets tedious, don't it?
Sometimes chickens come home to roost
Sometimes it's just too ridiculous

... Sometimes it's mind-controlled amnesia
Sometimes it's memories you treasure

Sometimes it's sure you're not allowed to share
Sometimes it's, "No, I'm going pleasure"

... Sometimes they push you too far
Sometimes they say it's gonna get better
Sometimes you don't know where you are
Then the next thing they tell you it's about the weather

... Sometimes it's mind-controlled amnesia
Sometimes it's memories you treasure
Sometimes it's sure that you can no longer share
Sometimes they say you can't have any pleasure

... Sometimes they push you too far
Sometimes they say it's gonna get better
Sometimes you don't know where you are
Sometimes they'll tell you, it's about the weather

... Sometimes they'll be rackin' on these restrictions
I'll be alive if they come to pass
Sometimes it's just so ridiculous
Sometimes it's just blah, blah, blah, blah, blah

... Blah-blah-blah-blah, blah-blah-blah-blah
Blah-blah-blah, blah-blah-blah
Blah-blah-blah, blah-blah-blah-blah
Blah-blah-blah-blah, blah-blah-blah-blah-blah

... Blah-blah-blah-blah-blah, blah-blah-blah-blah-blah
Blah-blah-blah-blah-blah, blah-blah-blah-blah
Blah-blah-blah-blah-blah-blah-blah-blah-blah-blah
Blah-blah-blah-blah-blah-blah-blah-blah-blah

... Blah-blah-blah-blah-blah-blah-blah-blah-blah-blah
Blah-blah-blah-blah-blah, blah-blah-blah-blah-blah
Blah-blah-blah-blah, blah-blah-blah
Blah-blah-blah, blah-blah-blah

7. Money From America

Well, no more money from America
No more bread and butter gaze
No more meat and potatoes
Still got to pay for everything

There's no such thing
As free money
When you're workin'
Workin' for yourself

Don't rely on the government
For anything
Have to go and get it
For myself

'Cause there's no more money from America
No more bread and butter gaze
And there's no more meat and potatoes
Still got to pay for everything

Klaus Schwab, Prince Charles
Zuckerberg and Gates
Tell us that we have to wait
Life is just a bowl of cherries
Must be some mistake

No more economic forum
No more P.M. just to bore us
No more for them as well
'Cause they're staring at the
The gates from Hell
The gates from Hell

Klaus Schwab, Prince Charles
Zuckerberg and Gates
Tell us that we have to wait
Some guy who's trying to bore us
Somebody trying to ignore us

Some people acting like
They don't need money
Some people just seem to
Have too much

Vallance, Hancock, Ferguson and Whitty
Why they all seem to have struck in rich?
What a bitch!

'Cause there's no more money from America
Well, there's no more bread and butter gaze, yeah, yeah
And there's no more meat and potatoes
While we still have to pay for everything
Everything

No such thing as free money
Got no work, work, work, work
Came a long way

Don't need no government telling me
Telling me my business
Got to tell them
Tell them to go away, go away

'Cause there's no more money from America
And there's no more bread and butter gaze
Well, there's no more meat and potatoes
But we still got to pay through the nose
For everything
For everything

No more money from America (everything)
Still got to pay for everything
No more bread and butter gaze (gotta pay for everything)
Still got to pay
No more meat and potatoes (still got to pay)
Still got to pay

No more money from America (pay for everything)
Thing, thing, thing, thing
No more bread and butter gaze

8. Not Seeking Approval

Baby, takin' a stance
Some people think got no chance
You think it's about a virus, yes, it is
Well, it's me and you against us
That's just my opinion
Freedom of speech
Do you have any choice in this matter?
Do you have a voice?
I knew you just wanna weep
And go back to sleep

Not seeking approval (not seeking approval)
Yeah, it's business as usual (business as usual)
Not seeking approval (not seeking approval)
It's business as usual (business as usual)

My name is Muck
I've run out of luck
See the cycles on parade
They just wanna enslave
The population, that's all

That just doesn't fit
Have to comply to even exist
Experts run your life
Cause you more misery and strife

But it's business as usual (business as usual)
Not seeking approval (not seeking approval)
It's business as usual (business as usual)
Not seeking approval (not seeking approval)
Yeah, yeah, yeah, yeah, yeah, yeah

Baby, take a stance
Some think I don't have a chance
You think it's about a virus, yes
But it's being used against us
That's just my opinion
Freedom of speech
Do you have choice in this matter?
Do you have any voice?
Oh, you may as well weep
And go back to sleep

But it's business as usual (business as usual)
They're not seeking approval (not seeking approval)
For them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)
It's business as usual (business as usual)
They're not seeking approval (not seeking approval)
It's business as usual (business as usual)
They're not seeking our approval (not seeking approval)

They say my name is Muck
And I've run out of luck
Watch the cycles on parade
They just want to enslave
The population, that's all
Put us up against the wall
If we just don't fit
We have to comply even to exist

They're not seeking approval (not seeking approval)
For them, it's business as usual (business as usual)
For them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)

For them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)
For them, it's business as usual, what about us? (Business as usual)
They're not seeking our approval (not seeking approval)

For them, it's business as usual (business as usual)
But they're not seeking our approval (not seeking approval)
For them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)

You know who I'm talkin' about, for them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)
For them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)

Business as usual (business as usual)
They're not seeking our approval, what does that mean? (Not seeking approval)
For them, it's business as usual (business as usual)
They're not seeking our approval (not seeking approval)

But do we agree? (Not seeking approval)
We'll have to wait and see (not seeking approval)
But do we agree? (Not seeking approval)
We'll have to wait and see (not seeking approval)

But do we agree? (Not seeking approval)

We'll have to wait and see (not seeking approval)
What if we don't agree? (Not seeking approval)
We'll have to wait and see (not seeking approval)

What if we don't agree? (Not seeking approval)
We'll have to wait and see (not seeking approval)
What if we don't agree? (Not seeking approval)
We'll have to wait and see (not seeking approval)

9. Damage And Recovery

How long can this go on this time?
Guess they tried it on for size
Took our rights before our eyes
Fear-mongering media hypnotized

Accountants, please tell me why
In our so-called free society
Is freedom just a memory?
I'm watching you, you're watching me

Damage and recovery
I'm not where I'm meant to be
Lockdown brought this misery
Now it's damage and recovery

Snowflakes hidin' in their houses
Most of us need to get right back to work
Money doesn't grow on trees
Jobs don't thrive on barren ground

Narrow-minded politics
So-called social scientist tricks
Tell us lies and deceive us too
Watchin' me, you're watchin' you

Damage and recovery
I'm not where I'm meant to be
Lockdown brought this misery
Now it's damage and recovery

Yeah, yeah, yeah
Yeah, yeah, yeah

Snowflakes hidin' in their houses
Most of us need to get right back to work
Money doesn't grow on trees
Jobs don't thrive on barren ground

Narrow-minded politics
So-called social scientist tricks
Tell us lies, they're meant to be
Watching morons on TV

Damage and recovery
I'm not where I'm meant to be
Lockdown caused this misery
Damage and recovery

Damage and recovery
I'm not where I'm meant to be
Lockdown caused this misery
Now it's damage and recovery

Damage, recovery
Damage, recovery
Damage, recovery
Damage, recovery
Damage, recovery
Damage, recovery
Damage, recovery
Damage, recovery

10. Nervous Breakdown

First we start with the drums

Then the bass

Then the percussion comes in

Next, the piano

Then we have the Hammond organ and the horns

Then the vocal group comes in

Yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah

I was in the right place at the wrong time
Feel like I'm losing my mind
What goes around comes around
What goes up must come down
Say depression is suppression, anger
Man, it feels like it to me

When you're not allowed free expression
Or to follow your obsession
Showed you're not essential, it's a crime
Against humanity
Is it any wonder at this time
Not much is working for me?

Nervous breakdown
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough

And we break it back down to the drums
Just like that, that's the beat
And the bass comes in

Then the percussion comes in

We have the piano

Now the Hammond organ and the horns

Here comes the vocal group

Yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah

I've been in the show business so long
I need to explain how it works around here
Be at the right place at the wrong time
Feel like you might be losing your mind
What goes around comes around
What goes up must come down
Say depression is suppressed anger
Man, it sure feels like it to me

When you're not allowed free expression
Follow your obsession

To be told you're not essential
Is a crime against humanity
Is it any wonder nothing's working at this time?

Nervous breakdown

I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown

I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough

I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown
I'm having some kind of breakthrough
I'm having a nervous breakdown

11. Absolutely Positively The Most

I'm a preacher, I'm a teacher
Master of my own soul
With my joy, with my freedom
Where do I belong but God?

He is absolutely positively the most
He is absolutely positively the most

Pick your own salvation and your co-creation
We're all part of the same whole
Got to come together, no separation
Got to reach our goal, because He's

Absolutely positively the most
Absolutely positively the most

Hey, hey, hey
(Hey, hey, hey, hey
Hey, hey, hey, hey)

But restriction is a sin
It cannot win if we're not free
Be ourselves, the wisest men say
"Freedom is two-edged sword"

Law is the Lord (law is the Lord)
Law is the Lord (law is the Lord)

I'm a preacher (I'm a preacher), I'm a teacher (I'm a teacher)
Master of my own soul
With my joy, with my freedom
Where do I belong but God?

Positively, positively the most
Absolutely, positively the most

Hey, hey, alright
(Hey, hey, hey, hey) alright
(Hey, hey, hey, hey)

Pick your own salvation and co-creation
We're all part of the whole
Got to come together, no separation
Got to reach our goal

We are absolutely, positively the most
Absolutely, positively the most

Hey, hey, hey, hey
(Hey, hey, hey, hey) hey
Hey (hey, hey, hey, hey)

Well, restriction is a sin
It cannot win if we're not free
Be ourselves, the wisest men say
"Freedom is two-edged sword"

And law is the Lord (law is the Lord)
Law is the Lord (law is the Lord)
Law is the Lord (law is the Lord)
Law is the Lord (law is the Lord)

And He's absolutely, positively the most
Absolutely, positively the most

Positively the most, most (most, most)
(Most, most)
Positively the most (positively the most)
Positively the most (positively the most)
Positively the most (positively the most)
Positively the most (positively the most)
Positively the most (positively the most)
(Positively the most, the most)

12. I Ain't No Celebrity

I ain't no celebrity
Playin' music is enough for me
I don't wanna please everybody
I just wanna please myself, don't you see?

Not tryna live up to anyone's expectations
Tryna please, tryna please everyone
Everybody else is already taken
You got to be yourself

Well, I ain't no celebrity
Playin' and singin' is enough for me
I ain't no celebrity
Baby, I don't care, don't care whether you agree

I don't have to live up to the media
Show them those expectations and all that stuff
Thank my lucky stars, there's never any guarantees
I understand that's the way it is

'Cause I ain't no celebrity
Playin' and singin' is enough for me
I ain't no celebrity
Listen, baby, I don't care whether you agree

I don't wanna live up to media's show business
Expectations are just that, my lucky stars
I realize never any guarantee of anything
I understand, that's just the way it is

Hey, I ain't no celebrity

Singin' and playin' is enough for me
I ain't no celebrity
Baby, I don't care whether you agree

I'm not here to live up to anyone's expectations
All that tryna please everyone, I wanna please myself
If that's not enough for you, then that's too tough
I just wanna put out my stuff

I ain't no celebrity
Playin' and singin', that's enough for me
I don't wanna please everybody
I just wanna please myself, you see?

I ain't no celebrity
Playin' my music, singin' is enough for me
And I ain't no celebrity
Baby, I don't care whether anyone agrees, agrees with me
I don't care if you don't agree, oh, just see
I don't care (I don't care) if you don't agree

13. Stage Name

It's a stage name
Not a real name
Could be a nickname
Or a make-it-stick name

It's a stage name
Not a real name
Could be a nickname
Have-to-make-it-stick name

Travel incognito
Move behind the scenes
Spin under the radar
If I wanna follow my dream

Leave it all behind me
Pick my getaway
Maybe the grass is greener
From far away

It's a stage name
Not a real name
Could be a nickname
Or a make-it-stick name

It's a stage name
Not a real name
Could be a nickname
Have-to-make-it-stick name

Must have been off the rails
To believe in a movie star name
It may have seemed like a good idea
At the time

Well, further on up the timeline
It no longer jives, but undermines
I guess I'll have to go back
To my proper real name

It's my stage name
It's not my real name
Could be a nickname
I-have-to-make-it-stick name

It's my stage name
It's not my real name
Might be my nickname
I-have-to-make-it-stick name

One of them's Ringo and Sting
Tell me, what a bad thing
If every woman and man is a star
How do you know who you are?

If Thomas Woodward is Tom Jones
Then I know I'm not alone
And if Cliff is Harry Webb
And Clive is Georgie Fame

What the hell?
Man, this is really insane
Have we gone off the rails
Or is this just a name game?

It's my stage name
Not my real name
Could be a nickname
Have-to-make-it-stick name

It's my stage name
It's not my real name
Could be my nickname
Have-to-make-it-stick, say it again

It's my stage name
It's not my real name
It used to be my nickname
I-have-to-make-it-stick name

It's my stage name
It's not my real name
It used to be my nickname
Now-I-make-it-stick name

14. Fear And Self-Loathing In Las Vegas

Got to make it to showtime
Nowhere to hide to get down to the pool outside
If the weather is good
Then later have dinner
Then a massage in the room
Try to get some rest in the afternoon
Read a good book
Take a phone off the hook
Meditate for a while
Better outlook getting ready for my new suit

Gotta make it to showtime
Learn how to love myself
'Cause that's bound to help get rid
Of the self-loathing in Las Vegas
Underneath the Nevada desert night sky

Go to see Bill Medley in the lounge
Feel sad Sam Butera's not around
Still good times, though
To be above ground
Don't let nobody bring me down
Even though my agent is in town, yeah

Recording studio's only ten minutes away
Try to get down a few new songs to break up the day
Sign an affidavit for the court case I'm involved in
Have to do this just so I can see my kids, pretend everything is alright
Have to make it through the show tonight
Thank God, I don't get stage fright
Leave my brothers behind backstage tryna unwind
Get in closer to the showtime
Hit the stage with my smile
I finally made it

Fear and self-loathing in Las Vegas
Fear and self-loathing in Las Vegas
Fear and self-loathing in Las Vegas
Fear and self-loathing in Las Vegas

Ain't you glad you made it?
Glad you made it here tonight, tonight, tonight, tonight
Tonight, tonight, tonight, tonight

Fear and self-loathing in Las Vegas
Fear and self-loathing in Las Vegas
Fear and self-loathing in Las Vegas
Fear and self-loathing in Las Vegas

Step right up
Step right up now
Ain't you glad you made it here tonight?
Tonight, tonight, tonight, tonight

15. Pretending

Pretending my life is not in ruins
Pretending I'm not depressed
Pretending I left it all behind
Pretending most of the time

Just pretending
Just pretending

Pretending when I'm on a stage
Pretending when I get off
Pretending that it's not real
Pretending when it's my joke

Just pretending
Just pretending

Pretending makes the world go round
People love it when we wear a mask
Whoa, sometimes makes my head spin
When I feel I'm not up to the task

Pretending everything makes sense
Pretending I'm someone else
Pretending I'm in the present tense
I'm really miles away in a trance

I'm pretending
I'm pretending

Pretending that everything is fair
I'm looking up in the air
Rolling my eyes once again
Pretending you've got nothing to gain

I'm pretending
Just pretending

Pretending that you're on my side
Pretending everything is open wide
Pretending you're not just along for the ride
Pretending it can't be tonight

Just pretending
Just pretending

Pretending we're on the same page
Pretending I'm some kinda sage
Pretending you get the same wage
Pretending folk music is all the rage

I'm just pretending
Just pretending
Just pretending
Just pretending
Just pretending

Pretending be alright in the end
Pretending everyone is my friend
Pretending there's hope around the bend
Pretending that you're not outta your head

I'm pretending
Pretending

Pretending I'm sleeping at night
Pretending when I turn out the light
Pretending that girl is outta sight
Trying with all of my might

But I'm still pretending
Still pretending
Still pretending
Still pretending

Pretending makes the world go round
People love it when you wear that mask
Whoa, sometimes can make your head spin
When you feel like you're not up to the task
'Cause you're pretending

Pretending I'm not alone (I'm not alone)
Pretending I'm on the way home (on the way home)
Pretending I'm listening to you (listening to you)
Pretending that you're pretending too (pretending too)

Just pretending
Just pretending
Just pretending
Just pretending
Ah-ah-ah-ah-ah-ah
